

## Tribal Elder Utilities/Rent Assistance Program

The program is to assist Tribal Elders who are 62 yrs of age by providing rent and Utility assistance to those living full-time on the Lac Du Flambeau Reservation or in the 25-mile radius service area 12 months of the year.

An annual application must be completed with proof of income. Depending on your income, your benefits will range from \$2,500 - \$4,000.

When the annual allocation has been exhausted in the determined fiscal year, the individual Elder will be responsible for covering their expenses.

Elders who are living with someone in a CHA unit must be listed on the lease to receive benefits for rent. Benefits may be used for security deposits for the LDF CHA units only. Rent payments will be directly made to CHA on the Elders' behalf.

Specific program policies and an application can be picked up or requested from:
